

# Bobby Thomas

**Director & Business Architect – Risk Managed Services, Asia-Pacific, EY**

Bobby Thomas based in Australia. He is an accomplished business leader and domain expert with over 20 years of experience in the Banking and Financial Services sector. As the Director and Business Architect at EY (Ernst & Young) for Risk Managed Services across the Asia-Pacific region, Bobby drives innovative strategies and transformative solutions in the realms of Fintech, Risk Management, Fraud Control, Compliance, Analytics, and Internal Controls.

Academically, Bobby holds multiple postgraduate qualifications, including: Enterprise Risk Management, Business Management, Cyber Law, Intellectual Property Rights Law

His unique interdisciplinary expertise bridges the gap between regulatory frameworks, digital innovation, and operational efficiency, making him a trusted advisor to clients navigating complex financial landscapes.

Bobby's work is particularly focused on building scalable, risk-intelligent ecosystems that balance regulatory compliance with business agility. His deep knowledge of governance frameworks, anti-fraud mechanisms, and cyber-legal protocols enables organizations to future-proof their operations and enhance stakeholder trust.

He is recognized for his collaborative leadership style, analytical mindset, and strategic foresight, all of which have contributed to successful implementations of high-impact risk management initiatives across APAC markets.

Bobby is a Post Graduate in

- (1) Enterprise Risk
- (2) Business Management
- (3) Cyber Law
- (4) Intellectual Property Rights Law

with 20 years of rich domain experience, having impeccable knowledge and experience in Banking and Financial Services specializing in Fintech, Analytics, Risk Management, Fraud Control, Compliance and Internal controls.
